About Me

I am a highly skilled and experienced professional with a passion for technology, problem-solving, and innovation. My ability to create cutting-edge solutions, focus on user experience, architecture, and code quality, as well as my effective communication and teamwork skills make me an ideal candidate for any organization or project. Additionally, I am flexible, a team leader, and adaptable, which enables me to thrive in dynamic and challenging environments. I am confident in my ability to contribute to the success of any team or endeavor.

Professional Experience

Weberlly

March, 2023 - September, 2023

Software Developer / Inter Web Developer

Creating a responsive website, handling all associated tasks, and demonstrating proficiency in front-end and back-end technologies such as **Next.js, React, jQuery, REST APIs, Vercel, MongoDB, and Shopify** development.

Freelance Referral

May, 2022 - January, 2023

Full Stack Web Developer / Software Developer / Mobile Developer

Developed responsive websites from scratch, ensuring a seamless user experience. Designed and crafted the UI/UX using Figma to create visually appealing interfaces. Collaborated effectively with cross-functional teams to meet project goals and deadlines. Managed both front-end and back-end development, working with technologies like **Angular, Node.js, Next.js, React, Figma, Firebase, jQuery, JavaScript, SQL, PostgreSQL, MySQL, MongoDB, Prisma, Convex, Clerk, and Jenkins**. Worked with various programming languages including **Java, Kotlin, Scala, C++**, and **C#** to build robust and efficient software solutions.
